

# Research Statement

Your Name

Describe your research interests, what impact you want your research to have, and what topics you plan to work on as a faculty member. In this statement, I focus on two specific topics: 1) insert the title of the proposed research topic, accompanied by a short description and 2) insert the title of the proposed research topic, accompanied by a short description.

**Proposed Research Topic** Insert the full, multi-paragraph, figure-illustrated, citation-included [1] content for the research statement.

**Proposed Research Topic** Insert the full, multi-paragraph, figure-illustrated, citation-included [1] content for the research statement.
